They will have entire charge of the program Sunday night at the Bavtist church, when special music will be an added feature.

PLACE COAL ORDERS

EASTERN CONSUMERS HASTEN TO PURCHASE WINTER SUPPLY

EARLY ORDERS HELPFUL

Orders Now On Books of the Dealers Become a Basis For Adequate Production and Prompt Distribution

Lay in your next winter's supply of coal during the summer, is the advice of J. J. Heifner, county fuel administrator. Mr. Heifner urges that all who are in a position to store coal make preparation to do so at once in order that there may not be a repitition of the fuel shortage that prevailed last winter.

Coal dealers say they are having some trouble in getting their customers to see the advisability of storing coal now because of the fact that Missouri and Iowa coal does not store well. Illinois coal is not available in this zone under the present ruling of the fuel administration. However, it is pointed out that the small waste from storing now will be greatly offset by being able to have the coal when it may be impossible to get an adequate supply next winter.

Says the fuel administration in the Official Bulletin:

The fuel administration is greatly encouraged by reports from many parts of the country as to the progress of its campaign for the early ordering of next winter's supply of coal by both domestic and industrial coal consumers, particularly in the eastern part of the country. A flood of orders for next winter's coal supply is reported.

Deliveries Necessarily Slow.

With millions of tons ordered, of course, it has been impossible to effect complete deliveries. This has given rise to some complaint among those who are patriotically responding to the requests of the fuel administration and have sought to lay in their winter's supply. It will be readily appreceiated, however, that the railroads cannot deliver the whole annual coal supply of the country within a few weeks. The fuel administration, however, will exert every effort to expedite delivereies and to effect the distribution of a maximum amount of coal during the summer months.

The fact that consumers cannot secure immediate delivery should not deter them from placing their orders at once. These early orders once on the books become the basis for the determined drive to secure an adequate production and prompt distribution.

Promptness in ordering and patience in awaiting deliveries are needed as a basis for the cooperation of the whole country with the fuel administration in its effort to do it share of the nation's war work.

QUOTA NEAR DOUBLE

BUT THE WORKERS WILL CONTINUE CAMPAIGN

TO ROUND UP SLACKERS

Those Who Refuse to Bear a Part of the Burden Will See Their Names In Print as Shirkers

Notwithstanding the fact that Nodaway county's quota in the Third Liberty Loan has been nearly doubled, the workers will continue solicitations until the end, May 4. With a quota of $494,800, Chairman W. C. Pierce announced at a meeting of township committeemen that subscriptions reported to him today were in excess of $800,000. Every township in the county is reported oversubscribed.

The meeting this afternoon was held for the purpose of taking action with regard to the slackers and those whose response has been niggardly. Chairman Pierce and members of the committee indulged in plain talk and some thirty or forty names of well known residents were mentioned as having failed to do their share. Some were on the list as having subscribed for $50 bonds, ust enough to "duck the blow" as Chairman Pierce termed it.

The names of men and women in each township who are known to be wealthy and who have not done their share, were discussed by the committee. One of the workers was called from the room during the meeting by a man whose name had just been brought up and was given a good sized subscription.

A phone call to a Maryville banker during the meeting called him to his place of business. He returned shortly with the information that a well known man whose name had just been mentioned had subscribed liberally.

It was reported to the committee that a certain Nodaway resident of means was lending money to the soldiers at high rates of interest, the transaction being done through his son, who is in service. "Hell would be an ice house for such a man," emphatically declared Chairman Pierce. A number of other cases of neglect of duty were discussed with the result that a committee will call on them in an effort to have them see the need of helping to equalize the burden. The committee named by Chairman Pieree is composed of Geo. Rob Ellison, H. W. Montgomery and Chas. Donlin. They will work in co-operation with the various township committees.

It was the general opinion of the committee that a careful canvass of the unwilling ones would be made and that those who failed to do their part in subscribing as they were able would suffer the penalty of their names being given to the press for publication as disloyalists and slackers.

SPEAKER CLARK MAY ACCEPT

Leader Mann Promises No Attempt Will Be Made by Republicans to Elect Hiss Successor

Special to The Democrat-Forum.

Washington, April 25.—There is a strong possibility that Speaker Champ Clark will accept the senatorship from Missouri. Speaker Clark's chief obstacle, it is said, was that the Republicans would elect a man from their own camp to succeed him. This was removed by Leader Mann, who promised not to attempt this. Speaker Clark has made no statement, although he is expected to accept the place tendered him by Governor Gardner late today.

GETTING NEARER TO AMIENS

GERMANS USING FRESH RESERVE TROOPS IN EFFORT TO GAIN THEIR OBJECTIVES

BATTLE RAGES ALONG 13 MILES WEST FRONT

American Troops Are Holding a Vital Point I nthe Line Southeast of Amiens—Hangard Village Falls to the Huns

Special to The Democrat-Forum.

London, April 25.—Three German attacks delivered in the sector of Villers-Brettenneux, east of Amiens, were repulsed by the British, the war office announced. The assaults were centered north of Villers-Brettenneux. The St. Quentin road is in the same district where the Germans renewed their offensive Wednesday. The British also gained ground in that district. Northwest of Bailleul the Germans resumed their assaults but were repulsed.

Paris, April 25.—In spite of continued attacks the French maintain all of the strategic ground around Hangard on the Pickardy front, the war office reported today. Hangard, a village nine miles northwest of Amiens, is now in German hands.

Washington, April 25. — The Germans' present effort on the whole front south of the Somme and on the Avre is more pretentious since her initial assaults in Picardy, according to reports reaching here today. The enemy brought into action fresh reserves and also is utilizing all of his trained shock troops in an attempt to straighten the battle line and to isolate the French and British railway centers. In the struggle to prevent this the American forces are understood to have been given a permanent part.

The German grand offensive is on again, renewing their attacks on the Picardy front. The Teutons lunged forward on a thirteen-mile front east of Amiens after a terrific bombardment. The Germans are using their old time tactics of assaults in dense formation and the advancing ranks are mowed down by the British artillery.

The American soldiers are today taking part in the greatest battle in the world's history. The troops under General Pershing, which were sent forward when the Germah grand offensive got under way, are now holding a part of the line in Picardy. The French war office report indicates that the Americans are on about thirteen miles of front at a vital point southeast of Amiens. It is supposed, however, that French troops are mixed in with them. The movements of the Americans as well as other Allied forces on the western front are being directed by Foch.

G. B. Holmes, who has been spending several days in Grand Island, Nebr., and Concordia, Kans., returned last night to his home.

OH! THAT AWFUL BACKACHE
IT'S YOUR KIDNEYS

An unhealthy body, and the unhappiness and misery which follow, may be prevented by ordinary judgment and care. Keep your stomach and kidneys in shape and you will have good health. The kidneys' work is to throw off the poisonous matters which enter the body. If they perform this work regularly and automatically the other organs will take care of themselves.

Diseased conditions of the bladder or kidneys are indicated by nervousness, sleeplessness, that tired, wornout feeling, dizziness, nausea, backache, lumbago, rheumatism, pain in the lower abdomen, many so-called "female troubles," severe pain and discomfort when urinating, bloody, cloudy and stringy urine, too frequent or suppressed passages. All these are nature's signals to warn you of diseased kidneys or bladder, which may lead to fatal Bright's disease.

Don't wait until the danger is upon you. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil, the kind your great-grandfather used. About two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. But remember to ask for the imported GOLD MEDAL Brand. In sealed packages.

The meeting of the Catholic order of Foresters which was to have been held last Saturday, was postponed until 3 o'clock Saturday afternoon at St. Patrick's parish hall. A large attendance is desired as business of importance will be attended to.

Scudder School Closes.

Friday marked the close of a very successful school year at the Scudder school five miles south of Maryville. The patrons had planned a dinner as a surprise to the teacher, but owing to bad weather and sickness in the community only a few were able to be present. Miss Emma Hoshor, the teacher, met with splendid success with this her first year's work, and her many friends wish her the same success in her every effort.

For Miss Heffern.

Miss Elizabeth Heffern, a bride-to-be, was the honor guest of a miscellaneous shower given last night at her home on East First street by the "Haines Bunch." The members of the store gathered and went in a body to Miss Heffern's home, and after rousing the family spent a most delightful evening. The guests were: H. L. Haines, Katherine Vaughn, Anna Stapler, Clara Sherlock, Ella Noll, Stella McDowell, Gladys Ford, Frank Goodson, Irene Redfield and Raymond Murrin.

Mrs. Wolfers Hostess.

Mrs. Fred R. Wolfers was hostess yesterday afternoon at her home on North Oak street to the members of the Wednesday Afternoon Bridge Club.

Cooking Demonstration Classes Are Being Largely Attended — Enroll Women for Classes in Other Towns

The work at the government training school for housewives being held in the basement of the Elks Club under the direction of Miss Bertha Beal, county chairman, has been devoted this week to demonstrations of the cereals used as wheat flour substitutes.

The closing demonstration for the week was given today by Miss Greta Kemp, assisted by Mrs. Will Phares and Miss Ora McMillen. The food prepared was cereal muffins. Wednesday afternoon Miss Katherine Carpenter, assisted by Miss Kemp and Miss Laura Curfman, conducted the demonstration on biscuits, and Miss Wave Hulet, assisted by Mrs. E. T. Dale and Miss Louise Rowlett, conducted the demonstration on cereal muffins.

Monday, Mrs. E. O. Boone held the class of instruction for the colored women, preparing Berkshire muffins. These women furnished their own materials outside of the flour used in demonstrating.

A similar work is being taken up all over the county with great enthusiasm. At Burlington Junction a class of 86 will take the work under Mrs. Herschel Houston, demonstrator, and Miss Arvilla Staples, chairman. Miss Anna Bainum of the high school faculty instructed the women of Hopkins last Tuesday afternoon, and Miss Ora McMillen of the Normal faculty will conduct the class next Tuesday afternoon. There are 57 women enrolled and the classes are held in the basement of the Presbyterian church.

Mrs. Joh nE. Rush and Mrs. L. A. Strader, demonstrator and chairman of the Barnard unit, were in Maryville yesterday preparing work for the Barnard class to take up next week. The Ravenwood class has been organized under the direction of Mrs. C. C. Steiger and a demonstrator will be sent from Maryville to conduct the lessons. Mrs. E. T. Dale started the work at Parnell last week with a large number of women enrolled for instruction.

The following recipes are the ones demonstrated this week in the classes—the flours which may be substituted on an equal basis in recipes calling for wheat flour are potato, rice, barley and soy bean flours:

Barley Flour Griddle Cakes.

1⅛ cup milk, 1 egg, 1 cup barley, rice or corn flour, 1-3 cup white flour, 2 teaspoons baking powder, 1 tablespoon fat, ½ teaspoon salt.

Barley Flour Muffins.

1 cup milk, 2 cups barley flour, ¼ cup wheat flour, 2 tablespoons fat, 2 teaspoons baking powder, ½ teaspoon salt, 1 egg.

Berkshire Muffins.

½cup corn meal, ½ cup white flour, ½ cup cooked rice, 3 teaspoons baking powder, ¾ teaspoon salt, 2-3 cup scalded milk, 1 egg, 1 tablespoon fat.

Pour scalded milk over meal; let stand for ten minutes; add rice and dry ingredients mixed and sifted together; add the beaten yolk of the egg, fat and white of egg beaten until stiff.

Cereal Muffins.

1 cup cooked cereal such as rolled oats, cream of barley, etc., ½ teaspoon salt, 2 tablespoons molasses, ½cup milk, 2 tablespoons fat, 4 teaspoons baking powder, 1 cup corn or barley flour, ½ cup wheat flour, 1 egg.

If rice is used more liquid will be needed.

Potato Corn Meal Muffins.

2 tablespoons fat, 1 tablespoon sugar, 1 egg well beaten, 1 cup milk, 1 cup mashed potatoes, 1 cup corn meal, 4 teaspoons baking powder, 1 teaspoon salt.

Mix in order given; bake 20 minutes in hot oven; make 12 muffins.

Biscuit and Short Cake.

Biscuit may be prepared by using a mixture of wheat and the other cereal flours, using either 1 cup of wheat flour to 2 cups of the other, or use equal parts of each. Use one level teaspoon of baking powder and one teaspoon of fat to each cup of flour. Add enough milk or water to make a soft dough. If sour milk is used add ½ teaspoon soda for each cup of the sour milk used and leave out the baking powder. Sift the soda with the flour.

For the shortcake add two teaspoons of fat to each cup of flour.

For benefit of Red Cross—Auction sale at Baptist church. Admission 15c. Adv.

Mrs. John S. Davis of El Dorado Springs, Mo., has arrived in Maryville for a visit with her son, Prof. S. E. Davis.

There are three forcible business reasons why you Should Buy Your Spring Clothes now:

1—Prices are going up.

2—Qualities are going down.

3—Our assortment will never be better.

The Government is demanding a large share of the wool supply for the Army and Navy. So there will not be enough wool left to go around, and prices, of course, are going skyward.

But you will find right now as fine an assortment of suits and topcoats as you'd care to see—well made, stylish, fairly priced and better grade than the same money will buy again.

Coming of The Sunbeam

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

Too much cannot be said for a wonderful preparation, familiar to many women as Mother's Friend.

It is more effective in its action than all the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon the cords, tendons and muscles of the abdomen, rendering them pliant, and they expand gracefully without that peculiar wrenching strain.

The occasion is, therefore, one of unbounded joyful anticipation and too much stress cannot be laid upon the remarkable influence which a mother's happy prenatal disposition has upon the health and fortunes of the generations to come.

The pain at the crisis is infinitely less when Mother's Friend is used during the period of expectancy for the muscles expand easier and with less strain when baby is born.

Mother's Friend is for external use only, is entirely safe and may be had of your druggist. It is prepared by the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga. Write them to mail you their interesting "Motherhood Book." They will send it at once, without charge, and you will find it very helpful. Do not neglect for a single night and morning to apply Mother's Friend according to directions around the bottle, and thus fortify yourself against pain and discomfort.

"ARMS AND THE GIRL"

"Arms and the Girl," the Paramount photoplay at the Empire tonight, follows closely the stage version which met with such success a few years ago. Billie Burke is the star. Briefly, the plot is as follows: An American girl, stranded in Belgium at the opening of the present war, innocently exchanges her passport with a Russian girl — a spy. Another American — a young man — also helps the Russian girl by the loan of his automobile. When the Germans seize the town the two Americans who have not been able to escape are held for complicity, especially the man, who is ordered to be shot. "The Girl" saves him by declaring him to be the fiance she has been waiting for, and as if to prove her statement the German general orders the two to be married at once.

This is done and the two find themselves in a most embarrassing position. The husband escapes, however, while in the meantime the real fiance appears. The latter proves himself to be rather a cad, so the newly married couple, who are becoming very fond of each other, resolve to do nothing about annulling the ceremony as they had planned. Altogether "Arms and the Girl" is one of the most charmingly humorous and vivid photoplays of the season.
